How to attach a ProChip:

**Bike:**

![](image)

*recommended position*

**Run:**

The MYLAPS ProChip can be attached by using an ankle strap or by using the laces of the footwear.
Disclaimer:
Warning: If the transponder is attached to a bicycle, please make sure it is done according to the provided instructions, with at least 2 strong zip ties. Additional zip ties are recommended. An improperly mounted MYLAPS ProChip can be very dangerous and can cause serious accidents. MYLAPS cannot be held responsible for any injuries or accidents caused by improperly mounted ProChips. Please verify the correct transponder mounting position on the bicycle for every race with your race director.
